HALL, Nos. 84 and 86 Fulton, and 45, 47 and 49 Gold-CAUTION to DEALERS in SKIRTS.—The popularity of the WOVEN SKIENSION SKIRTS as induced other manufacturers to put in the market an imitation of the gentiles, in which the spri ga are pared in a tape made with loops or penings. The goods practices by this method are very much inferior, as the openings are necessarily large, and most soon side from their places and spoil the slaye of the skirt. Dealers will consult the interest of their customers by buying none but the gentiles and original, and see that each failth bears my mane and trade-mark, THE WOVEN SKIRT. Patent applied for.
